## EC Directive 89/686/EEC

EC Type-examination

Issue 2

PPE Product

DMM "North Sidewinder" Aluminium Keylock Connector with a Detaching Steel Swivel Eye, fitted with an aluminium Keylock ANSI Kwiklok Gate, Model No. A98K35SR-6KN.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements in the relevant harmonized standard:

EN 362:2004 (PPE against falls from a height – Connectors) for Class T (termination connectors) with a manufacturer's minimum major axis strength claim of 25 kN with the gate closed & locked. The nominal maximum load on the detaching swivel eye is 6 kN.

In addition model met the requirements in ANSI/ASSE Z359.1 – 2007 for self-locking karabiners with a manufacturer's minimum major axis strength claim of 25 kN with the gate closed & locked and 16 kN for the minor axis, gate face and gate side load tests.

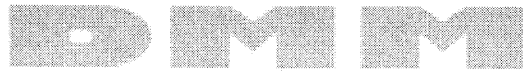

The manufacturer's information notice (F301d/5/QA/Feb. 2012), in English, has been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file: TFPPE069, issue 2

SGS Reference Number GB/PP 217093
